Shanghai Yubin Trading Co., LTD

YUBIN GLOBAL

At the beginning of its establishment in 2016, Yubin hoped to make people's outdoor sports more intelligent, convenient, and healthy through more intelligent products. So we developed smart clothing, smart sporting goods, smart sports accessories, these products. Through a global approach to trade, we communicate our products to every corner of the world in order to achieve our mission.

If you have an idea of your own, please contact us. We will help you translate your design ideas into actual products, spread your brand, and open up new markets and businesses in your country.

To provide the best quality service is our purpose, all for the sake of customers as the premise.

Air-conditioned Clothing

Product Features:

Air-conditioning clothing is a new type of technological clothing, it is equipped with two fans carrying brushless motors in the back, in the case of carrying power, can bring you cool and comfortable within 6 hours, even in the heat of summer, will not feel hot in summer.

1. Polyester fabric is quick-drying and breathable, wear-resistant and anti-wrinkle.
2. The 5V/7V/12V brushless DC motor fan runs up to 4500 rpm through the power bank, optimizes heat dissipation and does not get hot, and has a longer service life.
3. Three-speed adjustment switch, circulating air supply.

Cooling Jacket

Air Conditional Cooling Jackets

1、 Three-speed adjustable-speed circulating air supply : High - Middle - Low Speed, can be controlled by Controller

2、 Dual Fan Design: 9 Hakaze Fan, using a low-noise brush motor, diagonal blade design, large air volume, ultra-thin

3、 Quick-drying, breathable, waterproof, anti-ultraviolet, wear-resistant, windproof, moisture wicking, anti-dirt and decontamination

New summer trousers, the fabric is light and breathable, and it will not feel hot in the hot outdoors.

Pure color matching, fresh and natural. Hooded sun protection for cooling.

Hooded vest air-conditioned clothing, light colors are cooler.

Camouflage work clothes, sun protection and cooling, stylish personality.

Tooling pocket fan clothing, convenient for work, strong practicability, and high cost performance.

Solid color work clothes with pockets, sun protection and quick drying, breathable and not sweaty.

Solid color short sleeves are optional, polyester fabric, sweat-wicking and breathable.

Long-sleeve hood, waterproof and sun-resistant. Suitable for multiple age groups.

With tooling pockets, it is more practical and the best choice for heatstroke prevention and cooling.

Reflective strip collar and short sleeves, solid color quick-drying, cooling down quickly.

The new personalized pattern and the latest style are well received by customers.

Stand-up collar and long-sleeved fan clothing, the fabric is breathable and not stuffy, and can be quickly cooled with a small fan.

Neck Cooling Accessories

1、 sun-proof clothing

2、 Hang Neck Fan

- 1、 Power:3.5W(MAX)
- 2、 Materail:ABS+Silicone
- 3、 Input: DC5V/2A
- 4、 Speed mode:3 shift
- 5、 Battery capacity: 1800mAh li-polymer battery
- 6、 All-plastic flexible arm, the angle can be adjusted at will
- 7、 Light and unburdened, say goodbye to bulky and won't press your neck

An electric blanket?

Not safe

A space heater?

Too much
electricity

Hot water bottle?

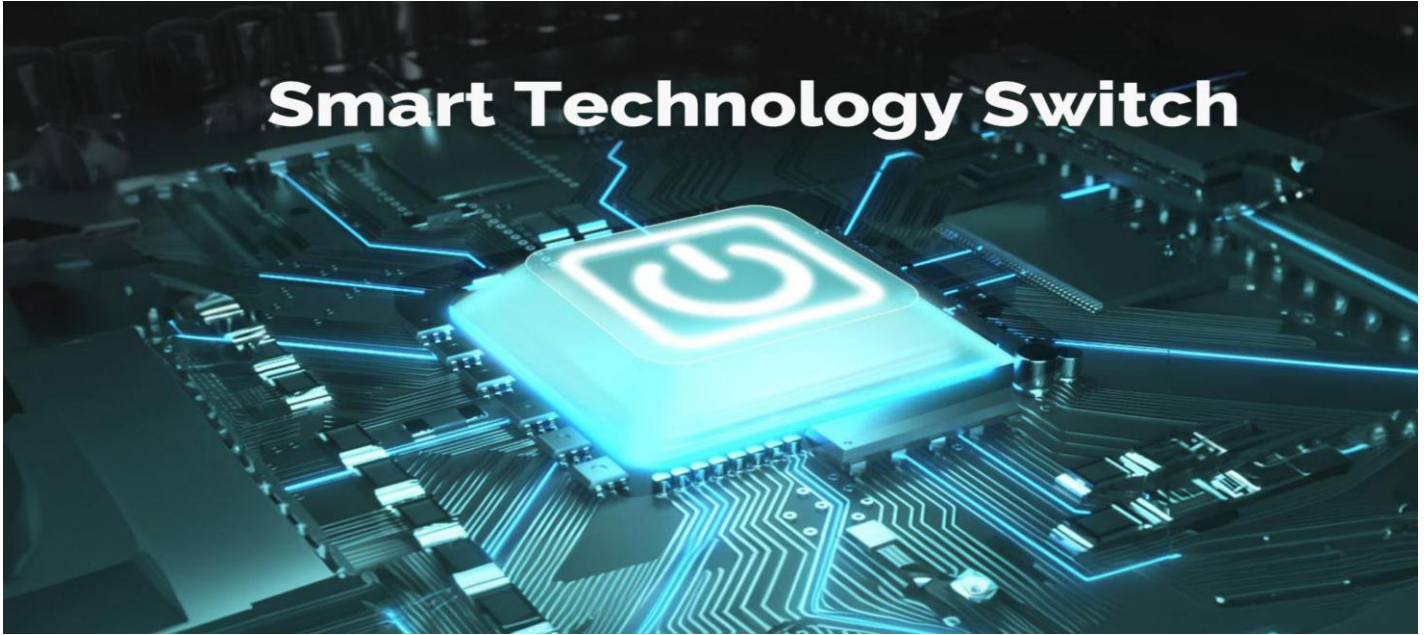

inconvenient

Down jacket?

Too bloated
